## PERSONAL STATEMENT

I'm a UI/UX Designer currently based in Mississauga (Canada). I love everything that has to do with UI/UX design and I feel a true devotion to coding and art. I have designed wireframes and interfaces for organizations such as City of Toronto and Jam3 Inc., and currently I'm working for Transcore Link Logistics as a UI/UX Designer. I love working with people, specially if they have the same passion I have for what they do.
